

SCTA NOTES

Special meeting, October 1, 2012

**Present: Rains, LeRoy, Helm, Danny Hatcher
Tracey Hatcher, Chase, Sillman**

Absent: Duchon, Vaughn

Ricky reported on the status of the Proctor Ridge renovation project. Work is progressing nicely and dozer work is approx 50% finished.

Work on Saturday (09/29). All volunteers were Spruce Creek people. Nobody from the other groups were present.

The Gernts are asking for another \$1000.00 to finish the work. They are threatening to pull out unless they get another \$1000.

The board is uncomfortable with paying in advance for dozer work and still want invoices.

Laurie LeRoy is to write a letter to the Gernts to explain that we will pay an additional \$1000, 00 and that this is the limit that we can pay. Sharon Vaughn to hand deliver the letter and our \$1000 check. This will bring our contribution for the trail to \$5600.00. There is a lot of resistance to paying in advance for the dozer work. (Will we get a refund if the dozer work is less than the \$5600?)

Danny Hatcher agreed to talk to Ed Wylie and explain our situation. Some of the Board

The Park requires "volunteers" to be present during dozer work in case of an accident.

Other Business:

Bev Chase to check with a band (Ledbetters) to see if they will provide music for the October Potluck for \$200.00

Danny brought up to Roger Williams about his use of motorized vehicles on the trail. Roger is running his tractor and ATV on the horse trail instead of just CROSSING the trail to get to his property.

The board voted to require two (2) signatures for checks \$200 or more. I called Progressive Bank. I have to sign a card and Laurie LeRoy has to sign a card with ID & Social Security number.
