10	09-2010	<b>OPEN</b> <b>Moved from 2010 List</b>	Wildcat Den trail-severe drop off in several places is washing out again, plus area down to the creek is washed out/alternate path has roots sticking out. Should probably remove tree stump down by the creek area. Note: The trail goes across a tract of land owned by the Sloan family which is not part of Spruce Creek.	Sharon and Dino (works for Danny) installed 4 cross tie step downs at the first big drop off which did help. Sharon, Ricky, Bev, Pete, and Laurie walked it again 11-22-10 as part of Board meeting. <b>JUNE 2011</b> Roger and Lee did some work to clear around stump	Note: the Ridge Top trail folks are willing to help and have worked on the other side going out of the creek. <i>Laurie will call Robert Livingston to get the phone no. for Wallace (care taker) and/or Sloans to see if they might allow us to build some switch backs.</i> Another alternative may be to use sackrett to build walls/more secure step downs.
