1	06-12-2010	<b>OPEN</b> <b>Moved from 2010/2011 List</b>	“Pipeline” section of Proctor Ridge Trail step down area by the creek (both sides) has severe washout areas. (this land belongs to the Park Service) P. Service plotted a 1 ½ mile reroute of the trail, plus the project includes fixing another 5 miles of trail to/from the creek.	<i>For 2013: Remaining activities to complete: install water bars and interlocking bricks through the creek ...also any minor maintenance</i>	<i>In Aug. 2012, we agreed to the Park Service to “adopt” the Proctor Ridge Trail for one year. We spent \$4,750 in 2012 for our portion of this project and provided many hours of volunteer manpower. Due to the weather, some work by the creek remains for 2013 completion. Need to coordinate 2013 work day with the Park</i>
2	04-2011	<b>OPEN</b>	The Spruce Creek Trail along Indian Rock Road by the Gibson property is washed out again. Needs rock and some leveling.	<i>Danny Hatcher</i>	<i>Danny will order several loads of large rock/crusher run to work on these items</i>
3	04-2012	<b>OPEN</b>	A deep wet spring continues to reappear and erode the trail beside Jaimie W. property.	<i>Dave Duchon, Danny and Ricky will look at it to determine/order materials</i>	<i>A small, sturdy bridge over the area is probably the best solution. Need to schedule another work day....OR Another possible solution is to ask Matt Springfield if we could reroute the trail to his property.</i>
4	06-12-2010	<b>OPEN</b> <b>Moved from 2010/2011 List</b>	Evergreen Trail – behind Cathy & Scott (Vet) and Fultons’ property has washed out/-needs additional drainpipe or culvert. If the trail could be relocated, perhaps this would improve the on-going problem.	<i>Tracey and Danny Hatcher</i>  NOTE: determined that this is <b>not</b> Keith Holly’s land	<i>Danny put down 2 loads of rock on July 3 2012 which provided improvement. Tracy had discussion with owner-Scott said he would probably allow us to reroute the trail...drainage also affects DeWitt Shelton’s land Another possible solution could be to reroute onto Don Mitchell’s land (below Whiteheads.</i>

5	09-2010	<b>OPEN</b> <b>Moved from 2010/2011 List</b>	Wildcat Den trail-severe drop off in several places is washing out again, plus area down to the creek is washed out/alternate path has roots sticking out. Should probably remove tree stump down by the creek area. Note: The trail goes across a tract of land owned by the Sloan family which is not part of Spruce Creek.	Sharon and Dino (works for Danny) installed 4 cross tie step downs at the first big drop off which did help. Sharon, Ricky, Bev, Pete, and Laurie walked it again 11-22-10 as part of Board meeting. <b>JUNE 2011</b> Roger and Lee did some work to clear around stump <b>May 2013</b> Stump has been removed	Note: the Ridge Top trail folks and some SCTA volunteers have worked on the other side going out of the creek-removed the big stump. <b><i>Wallace Linder is the care taker the Sloans (owners) need to ask again if they are open to possibly re-routing/ allow us to build some switch backs.</i></b> Another alternative may be to use sackrett to build walls/more secure step downs. <b>6-2013, Danny will talk to Wally to get his recommendation.</b>
6	05-2013	<b>OPEN</b>	Need to Bushhog/weed wack sides of our trails where possible	Ricky will try to get J.R. Reynolds to do the work.	Laurie contacted Spencer Bailey...he is willing to do it for \$35.00/hr. and will work on it in June.
7	11-2011	<b>Re OPENDED</b>	TEE PEE Loop trail down to the creek is washed out on both sides/probably needs cross ties/step down and some re-routing to improve drainage and footing	for 2013 projects	See W. Linder turn back/trail maintenance doc. for suggestions. <b><i>Creek crossing area owned by R. Rains who will allow us to reroute if it will help.</i></b> <b><i>Work day Thursday, April 18<sup>th</sup> 2013 rerouted past rocky section....</i></b> <b><i>6-2013 Ricky said to do whatever it takes to fix the mud problem.</i></b>
8	6-2013	<b>OPEN</b>	Trail beside Bonnie Glassers needs grating and rock. (on the side by South Fork Road.
